2.1 Troostwijk auctions take place on the website of Troostwijk Veilingen B.V., which provides the platform for auctions. The user shall use the website in accordance with the *General User Conditions* of Troostwijk Veilingen B.V.

2.2 The General Terms and Conditions of Online Auctions contain the general regulations for the auction. The auction takes place exclusively on the basis of these conditions. Participation in the auctions constitutes acceptance of these conditions. Special Terms and Conditions of an Online Auction may also apply to an auction. These contain additions or variations to the General Terms and Conditions of Online Auctions. In case of

www.TroostwijkAuctions.com

doubt, the Special Terms and Conditions of the Online Auction take precedence. These General Terms and Conditions solely apply to Online Auctions and not to sales outside of the Online Auction. You can find the General Terms and Conditions for Post Auction Sales, Private Treaty Sales and Tender Sales on page 5.

2.3 Troostwijk can make changes to these General Terms and Conditions. Changes take effect upon receipt of respective notification by the user and bidder.

Article 3. Registration

3.1 Bidders who are registered users with Troostwijk Veilingen B.V. and who have accepted its *General User Conditions* can take part in auctions.

3.2 A bid can be made by anyone who has accepted the *General Terms and Conditions of Online Auctions* and the *Special Terms and Conditions of an Online Auction* for an auction.

Article 4. Auction

4.1 Auctions are held on behalf of and for the account of the *seller*. *Troostwijk* is not a contracting party to any purchase contract which comes into being upon acceptance of the bid; it only brokers the purchase contract.

4.2 Dates, such as the start and the end of an auction, are contained in the Special Terms and Conditions of an Online Auction.

4.3 *Troostwijk* is responsible for organising, preparing and holding the auction.

4.4 *Troostwijk* may choose:

- not to accept a *bid* generally or – for important cause – from certain *bidders*;
- to exclude *bidders* from an auction;
- to correct errors made by *Troostwijk* in bids and/or *accepted bids* with appropriate notification to the *bidder*;
- to take any other measures required;

4.5 *Troostwijk's* decision as regards what happens during the auction is binding.

4.6 Forced sales are marked as such in the Special Terms and Conditions of the Online Auction.

Article 5. Cancellation, technical faults

5.1 *Troostwijk* reserves the right to cancel, prematurely end or extend an auction **for important cause**. In the event of a technical fault to the *website* which results in it being not fully accessible and/or not accessible to all *users*, *Troostwijk* can extend the auction by up to 24 hours. *Troostwijk* can reject bids without stating the reasons.

5.2 By registering, the *user* declares that he is aware of the special circumstances of an internet auction. In particular he is aware that the current state of technology can result in faults and downtime, which can make access to the internet auction and the *website* difficult or impossible.

5.3 *Troostwijk* is only responsible for properly conducting the auction on the www.TroostwijkAuctions.com website, not for any technical faults. *Troostwijk's* liability is limited and is based on the General Provisions, as set out in Article 15.

Article 6. Viewing days; entering buildings & property

6.1 Any viewing dates are specified in the *Special Terms and Conditions of the Online Auction*.

6.2 Viewers enter buildings and property at their own risk. Viewers must follow the instructions issued by *Troostwijk* or its appointees. The seller accepts no liability whatsoever for damages resulting from entering the buildings and property. In addition, the liability limitations of the General Provisions for *Troostwijk* and the seller, as set out in Article 15, apply.

Article 7. Lots

7.1 Individual *lots* or *combinations* are auctioned.

7.2 *Combinations*, i.e. the auctioning of several *lots* together, are displayed in the system. *Combination lots* are auctioned in two stages:

a) Firstly the individual *lots* are auctioned. The *bid is accepted* under the condition precedent that the *lot* is not knocked down as part of a *combination lot*. Once the *bids* for the individual *lots* have been *accepted*, bids can be made on the combination. If no bids are made on the combination, the sale of the individual *lots* goes ahead.

b) If bids are made on the combination, the following applies: The *bid is accepted* for the combination if the highest bid is higher than the total bids resp. the start prices for the individual *lots*. The *bids* for the individual *lots* are then declined because the condition has not been fulfilled.

7.3 *Troostwijk* can combine various items to form *lots*, divide lots and remove lots from the auction.

7.4 *Troostwijk* can demand that a *bidder* provides standard banking security in advance for certain lots.

Article 8. Bids

8.1 A *bidder* can bid in auctions as soon as he has registered on the *Troostwijk* website and has activated his account by clicking the link in the email that he received after registration. *Bidders* can bid on one or more lots. Bids can only be made without conditions and reservations attached. Bids are binding, revocation is not possible. The bidder shall receive email confirmation of every bid made and every higher bid by a third party. This notification is not acceptance of the bid.

8.2 Bids can be made as firm bids or maximum bids.

a) In the case of a firm bid (static), the user offers a fixed amount for each lot which is displayed in the system.

b) In the case of a maximum bid (proxy), the user states the maximum price he is prepared to pay for a lot. The maximum bid is not shown in the system. If a third party outbids the user, the current bid is increased in increments until a third party outbids the maximum bid. A maximum bid can only be retracted by the user in the interim if he makes a firm bid which is the highest bid at that moment.

8.3 Bids do not yet include sales tax and the commission. The amount of the commission can be found in the *Special Terms and Conditions of the Online Auction*.

8.4 *Troostwijk* and/or the seller can reject bids without stating the reasons. *Troostwijk* can bid on behalf of third parties.

Article 9. Acceptance of bid & purchase contract

9.1 A purchase contract for one or more lots only comes into being when the bid has been accepted. The *buyer* is informed by email of the resulting purchase contract (acceptance of bid). A *bid is accepted* within two working days of the close of the auction at the latest.

9.2 Consumers have no right of revocation as per § 312 d BGB [*German Civil Code*], as the purchase contract comes into being in the context of an auction as per § 156 BGB [*German Civil Code*] (§ 312 d Para. 5 No. 5 BGB [*German Civil Code*]).

9.3 *Troostwijk* is entitled not to *accept a bid* or to accept a bid under conditions precedent.

9.4 As a general rule, the *user* with the highest bid is *awarded the bid*. The *bid is accepted* if no further bids are made 10 minutes before the end of the auction. Otherwise the closing time for this lot is postponed for further 5 minutes. If another bid is made, the auction ends when the highest bid is made, if this is not outbid within five minutes.

Article 10. Passage of risk / passage of title

10.1 When a bid is accepted, the risk of accidental perishing or loss of the auctioned goods and the risk of loss or damage through fire, theft or burglary passes to the successful bidder.

10.2 Ownership only passes to the buyer on full payment.

Article 11. Obligations of the buyer

- 11.1 When a bid is accepted, the buyer is obliged to pay the purchase price plus statutory sales tax and the commission and to collect the *lot*.
- 11.2 Payment must be made to the account specified by *Troostwijk* in the stipulated currency within 48 hours (2 working days) of acceptance of the bid.
- 11.3 Statutory default interest shall be charged if payment is delayed. The rights of the seller are based on the statutory provisions. As it is a fixed date transaction, no notice is required for default, § 286 II BGB [German Civil Code].
- 11.4 If the buyer fails to fulfil an obligation, in particular:
- (i) does not pay the purchase price on time or in full
 - (ii) does not collect the *lots* on time, and/or
 - (iii) does not provide the information required for delivery, this shall automatically constitute default without further notice of default being required. *Troostwijk* can then cancel the purchase contract on behalf of the seller.
