TROOSTWIJK
INDUSTRIAL AUCTIONEERS & VALUERS SINCE 1930

Donnerstag 28 Februar 2019 Plant closure of an high quality aerosol plant

Spezielle Bedingungen

Schlussdatum	Donnerstag 28 Februar 2019 beginnt 14:00 CET
Besichtigung	Nach Absprache
Diese Online-Versteigerung wird organisiert von	Troostwijk Auktionen GmbH & Co. KG Stolberger Straße 313 50933 Köln, Deutschland Telefon: +49 221 69066-0 Fax: +49 221 69066-10 eMail: info@troostwijk.de
Aufgeld	18,00%
MwSt.	19,00%
Abholung	Nach Absprache Coty Location Wellastraße 2 36088 Hünefeld, Deutschland
Informationen zur MwSt.	Käufer aus Deutschland müssen die Mehrwertsteuer zahlen. EU-Käufer, die ihre Umsatzsteuer-Identifikationsnummer angeben, müssen keine MwSt. bezahlen. Wenn ein Käufer diese nicht oder falsch angibt, müssen wir die deutsche MwSt. berechnen. Dieser Betrag wird dann nicht zurückerstattet. Käufer aus Drittländern müssen die Mehrwertsteuer als Kautionszahlung bezahlen. Nach Erhalt der zum Nachweis der erfolgten Ausfuhr ordnungsgemäß abgestempelten, gültigen Original-Zolldokumente wird Ihnen diese zurück erstattet.
Bezahlung	Per Überweisung innerhalb von 48 Stunden nach Erhalt der Verkaufsbestätigung (Proforma- Rechnung). Bitte geben Sie Ihre Käufernummer und den Namen der Auktion an. Troostwijk Auktionen GmbH & Co. KG Deutsche Bank AG, Frankfurt Konto-Nr.: 802 731 001 BLZ: 500 700 10 IBAN: DE89 5007 0010 0802 7310 01 SWIFT: DEUTDEFF
Verlängerung	Falls in den letzten 5 Minuten auf eine Position geboten wird, verlängert sich das Versteigerungsende für diese Position um 5 Minuten.
Kombinationen	Alle Positionen in einer Kombination werden vorher einzeln versteigert. Danach wird die Gesamtsumme der Gebote um 10% erhöht. Dies ist das Startgebot für die Kombination. Falls auf die Kombination geboten wird, werden die einzelnen Gebote aufgehoben. Falls nicht, gelten die einzelnen Gebote.
Positionen verfolgen	Nach Registrierung und Login auf unserer Homepage, ist es möglich über 'My Troostwijk' bis zu 100 Positionen pro Nutzer und Auktion zu verfolgen.
Zuschlag unter Vorbehalt und Mindestpreise	Bei ausgewählten Versteigerungen werden Positionen unter Vorbehalt versteigert oder es wurden Mindestpreise festgelegt! Nach der Auktion wird der Auftraggeber über die Höchstgebote informiert. Er entscheidet dann, ob die Positionen zu den erzielten Preisen verkauft werden. Jeder Kunde wird innerhalb von 2 Werktagen nach Ende der Online-Auktion informiert, ob er den Zuschlag tatsächlich erhält. Solange ist er an sein Gebot gebunden. Sollte eine Position unter Vorbehalt versteigert werden bzw. sollten Sie einen Mindestpreis noch nicht erreicht haben, ist dies unterhalb des Startgebotes vermerkt.
Versteigerungsbedingungen	Im Zuge der Auktion gelten für den (möglichen) Ankauf beweglicher Anlagegüter

609678	1	Transnova LP43046 Palletizer Line 33 Palletizer and Depalletizer, seriennummer S06033, Transnova LP43046 Palletizer Line 33(1-3) This Overhead Gravity Layer Building End Of Line Palletizer Is Fitted With Pallet Infeed Store, Slip Sheet Tore, And Driven Roll Loaded Pallet Discharge System(2-3) Local Operator Control Panel(3-3) Remote Overhead Mezzanine 3 Door Main Control PanelPack Line 33 is Multi-Listing That Consists of Listings 609653, 609677, 609678 & 609680 (Demontage & Verladekosten 2.860,00)	10,00
609679	1	700 Liter Jacketed Tank Line 34 Tank, seriennummer 02-516-1, 700 Liter Jacketed Tank Line 34(1-2) 700 Liter Jacketed Tank Line 34, Vertical Ethanol Feed Tank With 60 Liter Jacket Mounted On Mezzanine; Domed Topped With 9 Top Inlets & 200 mm Blanking Range & 400 mm Hinged Inspection Hatch. Domed Base Mounted On 4 Feet With Centrifuge Valved Outlet(2-2) Pepperl & Fuchs Tank Level Control PanelPack Line 34 is Multi-Listing That Consists of Listings 609651, 609672 Through 609676 & 609679 (Demontage & Verladekosten 935,00)	10,00
609680	1	Jacketed 700 Liter Stainless Steel Ethanol Feed Tank Line 33 Tank, seriennummer 02-517, Jacketed 700 Liter Stainless Steel Ethanol Feed Tank Line 33(1-2) Jacketed Stainless Steel 700 Liter Capacity Ethanol Mezzanine Mounted Day Feed Tank. Domed Top Has 9 Top Inlets, 200 mm Blanking Flange, 400 mm Hinged Inspection Hatch. Domed Base Mounted On 4 Feet With Central Valved 50 mm Outlet.(2-2) Pepperl & Fuchs Tank Level Controls PanelPack Line 33 is Multi-Listing That Consists of Listings 609653, 609677, 609678 & 609680 (Demontage & Verladekosten 935,00)	10,00
609691	1	Thermo Scientific Water Bath Line 31 Waterbath and Circulator, seriennummer 111314038, Thermo Scientific Water Bath Line 31This 50C Hot Water Bath Is Used For Leak Detection Of Every 2000 Filled/Capped Aerosol CansThis Multi-Listing Consists of Listings 609681 Through 609696Aerosol Can Packing/Filling Line 31 (Demontage & Verladekosten 82,50)	10,00
609697	1	Unused Cital S.r.l. 3300 Liter Stainless Steel Pressurization Tank-Line 32 Tank, seriennummer 723, Cital S.r.l. 3300 Liter Stainless Steel Pressurization Tank-Line 324,000 liter total capacity lagged aluminum clad stainless steel pressurization tankDP: -1 to 3 barDT: -10 to 130 CTP: 5 barDomed top has (8) top inletsClamped inspect hatchDomed Bottom has a central 50 mm diameter outlet at 250 mm highSandpiper Pump with 50 mm diameter pipe connections (Demontage & Verladekosten 1.320,00)	10,00
609698	1	BWT Group LLC B590A.1 Stainless Steel CIP Tank Skid-Line 32 CIP (Clean In Place), seriennummer 13721-10-1, BWT Group LLC B590A.1 Stainless Steel CIP Tank Skid-Line 32Stainless steel pallet skid supported 1000 liter purified water CIP tankPumping Skid for adjacent ethanol twin tank discharge stationDT: 120 C(3) Wall Mounted BWT Control Panels (Demontage & Verladekosten 935,00)	10,00
609787	1	AZO Manual Powder Feeding System Hopper, seriennummer 4,07025, AZO Manual Powder Feeding SystemDescription:Manual dust extractor powder bag unloading hopper, fitted with vibrating cone discharger and overhead dust extraction hood.Rear mounted dust extracted fan filter unit.Bottom powder blowline Westinghouse rotary valve.Wall mounted control display panel. (Demontage & Verladekosten 605,00)	10,00
609788	1	Hecht BigBag x 6 Unloading System Bag Making, seriennummer 209804-7302577, Hecht BigBag x 6 Unloading System(1-14) Hecht BigBag x 6 Unloading System(2-14) Hecht Big Base Stainless Steel Feed Hopper(3-14) Hecht Big Base Stainless Steel Feed Hopper(4-14) Hecht Big Base Stainless Steel Feed Hopper(5-14) Hecht Big Base Stainless Steel Feed Hopper(6-14) Hecht Big Base Stainless Steel Feed Hopper(7-14) Hecht Big Base Stainless Steel Feed Hopper(8-14) Hecht 1000kg SWL Big Bag 3M Electrical Lifting Hoists(14-14) Dust Extraction Fan (Demontage & Verladekosten 4.180,00)	10,00

Position	Anzahl	Beschreibung	Startgebot €
609789	1	AZO Powder Feed Hopper Hopper, seriennummer ETP8, AZO Powder Feed HopperDescription:Stainless steel originally manual top hinged door loaded powder feed hopper has now been fitted with a semi-automatic big bag top mounted vacuum feed system. Fitted with a 600mm diameter vibratory discharger.200 mm diameter bottom mounted Westinghouse rotary valve to 75mm diameter blow line. (Demontage & Verladekosten 1.155,00)	10,00
609790	1	AZO Powder Feed Hopper Hopper, seriennummer ETP3, AZO Powder Feed HopperDescription:Stainless steel originally manual top hinged door loaded powder feed hopper has now been fitted with a semi-automatic big bag top mounted vacuum feed system. Fitted with a 600mm diameter vibratory discharger.200 mm diameter bottom mounted Westinghouse rotary valve to 75mm diameter blow line. (Demontage & Verladekosten 1.155,00)	10,00
609791	1	AZO Powder Feed Hopper Hopper, seriennummer ET P2, AZO Powder Feed HopperDescription:Stainless steel originally manual top hinged door loaded powder feed hopper has now been fitted with a semi-automatic big bag top mounted vacuum feed system. Fitted with a 600mm diameter vibratory discharger.200 mm diameter bottom mounted Westinghouse rotary valve to 75mm diameter blow line. (Demontage & Verladekosten 1.155,00)	10,00
609792	1	AZO Powder Feed Hopper Hopper, seriennummer ET P4, AZO Powder Feed HopperDescription:Stainless steel originally manual top hinged door loaded powder feed hopper has now been fitted with a semi-automatic big bag top mounted vacuum feed system. The 800-600mm x 1050H stainless steel base with a 600g vibratory discharger.200 mm diameter bottom mounted Westinghouse rotary valve to 75mm diameter blow line. (Demontage & Verladekosten 1.155,00)	10,00
609793	1	AZO Powder Feed Hopper Hopper, seriennummer ET P1, AZO Powder Feed HopperDescription:Stainless steel originally manual top hinged door loaded powder feed hopper has now been fitted with a semi-automatic big bag top mounted vacuum feed system. The 800-600mm x 1050H stainless steel base with a 600g vibratory discharger.200 mm diameter bottom mounted Westinghouse rotary valve to 75mm diameter blow line. (Demontage & Verladekosten 1.155,00)	10,00
609794	1	AZO Powder Feed Hopper Hopper, seriennummer ET P6, AZO Powder Feed HopperDescription:Top and bottom cowed powder feed hopper fitted with a 300mm semi-automatic big bag top mounted vacuum feed system. The 800-300mm x 800H stainless steel cowed base is fitted with a 150mm vibratory discharge.150 mm diameter bottom mounted rotary valve to 75mm diameter blow line. (Demontage & Verladekosten 1.155,00)	10,00
609795	1	Binder 110 Liters Powder Feeding System Vibratory Feeder, seriennummer 696/1, Binder Powder Feeding SystemManually set Siemens parafin liquid metering system via 35mm diameter stainless steel pipe work into adjacent 100 Liter holding tank.110 Liter binder stainless steel vertical holding tank with hinged top lid and 20mm diameter central bottom valved outlet. (Demontage & Verladekosten 302,50)	10,00
609796	1	AZO NW-1100 Powder Weigh Bin Storage Bin, seriennummer 4.07025/2-41, AZO NW-1100 Powder Weigh BinDescription:Overhead 1100 Liters mezzanine mounted bulk powder weigh bin for blow line fed ingredients. Upper weigh bin is supported on load cells and fitted with a coned 300mm diameter valved outlet.Twin valved 300 diameter piped outlet to lower feed bin on manual baggin off station. (Demontage & Verladekosten 1.980,00)	10,00

Position	Anzahl	Beschreibung	Startgebot €
609797	1	AZO NW-1100 Powder Weigh Bin Storage Bin, seriennummer 407025/2-41, AZO NW-1100 Powder Weigh BinDescription:Overhead 1100 Liters mezzanine mounted bulk powder weigh bin for blow line fed ingredients. Upper weigh bin is supported on load cells and fitted with a coned 300mm diameter valved outlet.Twin valved 300 diameter piped outlet to lower feed bin on manual bagging off station. (Demontage & Verladekosten 1.540,00)	10,00
609798	1	AZO 2000 Liters Mixer Powder Feed Bin Storage Bin, AZO 2000 Liters Mixer Powder Feed BinDescription:This lower level mixer stainless steel bulk powder ingredients feed bin is fitted with a domed top having 2x300mm powder inlets plus 300mm top inspection hatch, with 200mm top vent filter. The bin is supported from the underside of the second floor support frame.Bottom mounted vibratory discharge mixer top feed unit. (Demontage & Verladekosten 1.980,00)	10,00
609799	1	AZO Powder Feeding System Vibratory Feeder, AZO Powder Feeding SystemDescription:Overhead gantry blow line.Main powder pre/weighing mixer infeed control panel.Power supply panel.Indication panel. (Demontage & Verladekosten 302,50)	10,00
609800	1	Lodige FKM2000D Horizontal Mixer Mixer, seriennummer 11516, Lodige FKM2000D Horizontal MixerDescription:Horizontal Lodige powder mixer fitted with 3 bottom hi-speed chopper unit.Top of mixer is fitted with 2 x 300 diameter, 1 x 200mm and 1 x 350mm top inlets.Main 3 door control panel.Operational control panel.Mixer has a central bottom 300mm diameter valved outlet. (Demontage & Verladekosten 2.860,00)	4.250,00
609801	1	AZO Big Bag Filling System Vibratory Feeder, AZO Big Bag Filling SystemDescription:Big bag filling system support framework with pneumatically lifted/lowered big bag support frame and flexible cowed mixed powder fixed head having 100mm inlet.Framed mounted operational control panel. (Demontage & Verladekosten 220,00)	10,00
609802	1	Busch MINK MM 1252AV Blowline Vacuum Pump Vacuum Pump, seriennummer 110009217, Busch MINK MM 1252AV Blowline Vacuum PumpDescription:75 mm powder blowline vacuum pump.Speed: 2000rpm.Volume: 250 m3/hr.Pressure: 150 mBar. (Demontage & Verladekosten 82,50)	10,00
609803	1	AZO 250-138 Blowline Vacuum Pump Vacuum Pump, seriennummer 321814, AZO 250-138 Blowline Vacuum Pump75mm diameter powder blowlines vacuum pump.Vacuum 20mB. (Demontage & Verladekosten 82,50)	10,00
609804	1	AZO 250-138 Blowline Vacuum Pump Vacuum Pump, AZO 250-138 Blowline Vacuum Pump75mm diameter powder blowlines vacuum pump.Vacuum 20mB. (Demontage & Verladekosten 82,50)	10,00
609805	1	Schneider LC12 IND 236 Pallet Weighscale Truck Pallet Handler, seriennummer B509638567, Schneider LC12 IND 236 Pallet Weighscale TruckDescription:Stainless steel big bag manual lifting hydraulic pallet truck, fitted with built in Mettler Toledo weight scale/display unit.Maximum weigh: 2000kg/d=0.2kg.Fitted with 1200ml x 200mm wide forks, spaced 550mm apart. (Demontage & Verladekosten 11,00)	10,00
609807	1	Hugo Beck Twin Bag Inserting Machine Inserting/Outserting Machine, Hugo Beck Twin Bag Inserting MachineDescription:Semi-automatic twin headed 500g/800g soap powder tub bag inserting machine. The bags are manually loaded into the vacuum head.With 500g/800g head change parts trolley. (Demontage & Verladekosten 1.320,00)	10,00

Position	Anzahl	Beschreibung	Startgebot €
609808	1	CAM Twin Tub Powder Feeding System Vibratory Feeder, seriennummer D31-628, CAM Twin Tub Powder Feeding SystemDescription:Twin headed 400/500/800g plastic bag inserted tub filling machine. Fitted with 2 off stirred coned discharge 50mm stainless steel filling head.Overhead platform supported 1000mm x 350mm H stirred powder supply bin, fitted with 2 off 150mm diameter valved bottom outlet feeding 2 tub feed heads.AZO big bag unloading frame and big bag lifting hoist with 1000kg SWL lift cradle.AZO big bag coned discharge hopper and inclined powder screw conveyor to feed top of the adjacent room located powder supply bin.Mobile change parts trolley loaded with 800g parts.Wall mounted cabinet of infeed slat buffer conveyor 400g side guided change parts.Mobile main control panel with overhead operation/display panel. (Demontage & Verladekosten 5.720,00)	1.250,00
609809	1	Thermo Scientific GPVW Checkweigher Check Weigher, seriennummer 8365, Thermo Scientific GPVW CheckweigherDescription:Previously used to check the filling of 400/500/800g powder tubs.With 80mm slat 90 degree rejected tubs conveyor discharge system. (Demontage & Verladekosten 440,00)	10,00
609810	1	Kwik Lok Bag Closing System Bag Making, seriennummer 90496, Kwik Lok Bag Closing SystemIncludes:Bag closing system via application of a plastic clip to the top twisted shut bag sides.Infeed powder filled tub bag 80mm side guided slat conveying system and control panel.Inner tub powder filled bag rotary side brushing system, ready for bag closer. (Demontage & Verladekosten 82,50)	10,00
609811	1	BKLS Capped Soap Powder Tub Conveying System Conveyor, seriennummer 509030A91, BKLS Capped Soap Powder Tub Conveying System(1-10) Operation conveying control panel(2-10) Combined filled capped soap powder tub bottom, 80mm side guided slat conveyor, 3 pass buffering system.(3-10) 80mm side guided slat conveyor, transfer system through inspection station.(4-10) Twin side drive conveyors over tub base date coding gun location.(5-10) S bend side guided 80mm slat conveyor.(6-10) Tub return manual packing off single to twin 80mm side guided slat counter.(7-10) Mobile twin side pressure tub conveyor unit.(8-10) Infeed to case packer side guided 80mm conveyor.(9-10) Case packer 90 degrees outfeed to palletizer conveyor.(10-10) Main 4 door conveying system control panel. (Demontage & Verladekosten 1.760,00)	10,00
609812	1	Mettler Toledo 6 Camera Inspection System Inspection Machine, seriennummer 51073, Mettler Toledo 6 Camera Inspection SystemIncludes:6 camera auto tub label inspection system, mounted above tub transfer conveyor. Fitted with a discharge pneumatic side mounted auto reset pusher system.Infeed 2 off high/low sidequip tub spacing system prior to inspection. (Demontage & Verladekosten 2.420,00)	1.750,00
609814	1	Stielow SLX720 Print and Apply Thermal Transfer Case Side Labeler Labeler, seriennummer 720-6-0014B01, Stielow SLX720 Case Side LabelerDescription:This combined 100mm High x 90mm wide self adhesive thermal printer/case side labeler is mounted on an adjustable support stand.Can handle label reels up to 300mm diameter x 150mm High. (Demontage & Verladekosten 137,50)	10,00
609815	1	Transnova Layer Palletizer Palletizer and Depalletizer, seriennummer 430/10, Transnova Layer PalletizerDescription:Transnova layer palletizer for top/bottom taped closed 350x220x180mm H cases, onto a 1000 x 1200mm pallet controlled by Siemens S5 PLC.Main palletizer control panel. (Demontage & Verladekosten 2.475,00)	10,00
609816	1	Haloila Octopus Genius Pallet Shrinkwrapper Wrapper/Overwrapper/Bundler, seriennummer 985303-001, Haloila Octopus Genius Pallet ShrinkwrapperIncludes:Frame mounted overhead lowering automatic pallet shrinkwrapper.Main control panel.Infeed driven roller pallet transfer conveying 90 degrees discharge driven roller turntable for Pallet conveying control panel. (Demontage & Verladekosten 2.530,00)	10,00

Position	Anzahl	Beschreibung	Startgebot €
609817	1	LogoPak 920 II PFR Pallet Side Labeler Labeler, seriennummer 2040374, LogoPak 920 II PFR Pallet Side Labeler(1-4) Pallet side labeler local operation linked to roller conveyor pallet positioning sensor.(2-4) Pallet label 200x150mm wide thermal printer side arm actuated label placement unit.(3-4) LogoPak VLP210F manual label printer/dispenser.(4-4) Operation control panel. (Demontage & Verladekosten 82,50)	10,00
609819	1	Transnova Ruf Layer Palletizer Complete System Palletizer and Depalletizer, seriennummer 24-32-03, Transnova Ruf Layer Palletizer Complete SystemIncludes:Layer palletizer for liquid soap packed cases of product controlled by a Siemens PLC.Main 3 door control panel. (Demontage & Verladekosten 3.410,00)	10,00
609820	1	ABB Automation 470 Robot Arm Palletizer Palletizer and Depalletizer, seriennummer 218; 64Z-26263, ABB 470 Robot Arm Palletizer(1-2) ABB 470 Robotic Arm Palletizer, missing infeed conveying and pallet layer card feed system.(2-2) ABB robotic arm control panel model S4C Plus M2000. (Demontage & Verladekosten 3.080,00)	10,00
609821	1	Ambaflex Spiralfveyor SV Vertical Spiral Elevating Conveyor Conveyor, seriennummer 15778-01, Ambaflex Spiralfveyor SV Vertical Spiral Elevating ConveyorIncludes:Vertical spiral elevating conveyor for 200mm wide filled cases, from 950mm infeed height to 3450mm discharge height.High level 3450mm H x 100mm wide side guided case transfer.Vertical de-elevating spiral conveyor.Main 2 door control panel. (Demontage & Verladekosten 3.080,00)	10,00
609822	1	Ambaflex Spiralfveyor SV Vertical Spiral Elevating Conveyor Conveyor, seriennummer 15778-03, Ambaflex Spiralfveyor SV Vertical Spiral Elevating ConveyorIncludes:Vertical spiral elevating conveyor for 200mm wide filled cases, from 950mm infeed height to 3450mm discharge height.21m long x 3450mm H, 100mm wide side guided horizontal case transfer conveyor.Vertical de-elevating spiral conveyor. (Demontage & Verladekosten 3.410,00)	10,00
609825	1	Schwarz 20,000 Liter Stainless Steel Bottom Stirred Tank Tank, seriennummer 13 524 1, Schwarz 20,000 Liter Stainless Steel Bottom Stirred TankThis Stainless Steel 20,000 Liter Externally Heated, Lagged & Aluminium Clad, Bottom Stirred Via Offset Bottom Stirrer Unit, Liquid Soap Storage Tank is Mounted On Four Legs. The Domed Top Has 7 Top Inlets & 450 mm Diameter Hinged/Clamped Hatch. Bottom Has a Central 75 Diameter X 750 H Valved Outlet (Demontage & Verladekosten 2.530,00)	1.250,00
609826	1	Schwarz 20,000 Liter Stainless Steel Bottom Stirred Tank Tank, seriennummer 13 524 7, Schwarz 20,000 Liter Stainless Steel Bottom Stirred TankThis Stainless Steel 20,000 Liter Externally Heated, Lagged & Aluminium Clad, Bottom Stirred Via Offset Bottom Stirrer Unit, Liquid Soap Storage Tank is Mounted On 4 Legs. The Domed Top Has 7 Top Inlets & 450 mm Diameter Hinged/Clamped Hatch. Bottom Has a Central 75 Diameter X 750 H Valved Outlet (Demontage & Verladekosten 2.530,00)	1.250,00

TROOSTWIJK
INDUSTRIAL AUCTIONEERS & VALUERS SINCE 1930

Allgemeine Bedingungen Online-Versteigerung TroostwijkAuctions.com

ALLGEMEINE BEDINGUNGEN

für Online-Auktionen

des Unternehmens Troostwijk Auktionen GmbH & Co. KG (Deutschland)

Artikel 1. Definitionen

Allgemeine

Nutzerbedingungen: Die Allgemeinen Geschäftsbedingungen, welche die Nutzung der Website der Troostwijk Veilingen B.V. regeln

Allgemeine Online-

Auktionsbedingungen: Diese Allgemeinen Bedingungen für eine Online-Auktion, die den Ablauf der Online-Auktion regeln und die Stellung, Rechte und Pflichten der (Vertrags-) Partner / Teilnehmer definieren.

Benutzer: derjenige, der sich auf der Website der Firma Troostwijk Veilingen B.V. registriert

Benutzervertrag: Vertrag zwischen Troostwijk Veilingen B.V. und dem Benutzer

Bieter: derjenige, der ein Angebot bei einer Online-Auktion abgibt

Gebot: jeder von dem Benutzer in der Auktion für eine Position verbindlich gebotener Betrag Kaufpreis: setzt sich zusammen aus dem Höchstgebot zum Auktionsende, dem Aufgeld und evtl. anfallender MwSt. Kaufvertrag: Vertrag zwischen Käufer und Verkäufer, der mit dem Zuschlag durch Troostwijk zustande

kommt

Käufer: Bieter, der für die Position den Zuschlag erhält

Position: Sache(n), die (auch unter einer Nummer gemeinsam) versteigert wird/werden

(Online-)Auktion: die von Troostwijk organisierte Versteigerung von Mobilien auf der Website von Troostwijk Veilingen B.V.

Registrierung: Anmeldung des Benutzers auf der Website von Troostwijk Veilingen B.V., dazu ist das Anmeldeformular auf der Website vollständig auszufüllen

Spezielle Online-

Auktionsbedingungen: Besondere zusätzliche Bedingungen, die ausschließlich für die jeweilige Online-Auktion gelten

Troostwijk: Troostwijk Auktionen GmbH & Co. KG

Verkäufer: derjenige bzw. diejenigen, in dessen/deren Auftrag eine Position versteigert wird

Website: die Website www.TroostwijkAuctions.com, die von der Firma Troostwijk Veilingen B.V. in Amsterdam instand gehalten wird und die die Plattform für von Troostwijk durchgeführte Versteigerungen ist

Zuschlag: Bestätigung von Troostwijk, dass der Höchstbietende gegen Zahlung des Kaufpreises den Zuschlag für eine Position bzw. eine Kombination erhält

Artikel 2. AGB

2.1 Versteigerungen von Troostwijk finden auf der Website der Firma Troostwijk Veilingen B.V. statt, welche die Plattform für Versteigerungen stellt. Die Website wird aufgrund der Allgemeinen Nutzerbedingungen der Firma Troostwijk Veilingen B.V. vom Benutzer genutzt.

2.2 Die Allgemeinen Online-Auktionsbedingungen enthalten die allgemeinen Regelungen der Versteigerung. Die

www.TroostwijkAuctions.com

Versteigerung erfolgt ausschließlich auf Grundlage dieser Bedingungen. Mit Teilnahme an der Versteigerung werden diese anerkannt. Bei einer Versteigerung können zusätzlich Spezielle Online-Auktionsbedingungen gelten. Diese enthalten Ergänzungen oder Abweichungen zu den Allgemeinen Online-Auktionsbedingungen. Vorrangig sind im Zweifelsfall die Speziellen Online-Auktionsbedingungen. Diese Allgemeinen Bedingungen gelten ausschließlich für Online-Auktionen und nicht für Verkäufe außerhalb der Online-Auktion. Die Allgemeinen Bedingungen für Nachverkäufe, Freihandverkäufe und Ausschreibungsverkäufe finden Sie auf Seite 5.

2.3 Troostwijk kann diese Allgemeinen Bedingungen ändern. Änderungen werden mit Zugang einer entsprechenden Mitteilung an Nutzer und Bieter wirksam.

Artikel 3. Registrierung

3.1 An Auktionen können Bieter teilnehmen, die sich bei der Firma Troostwijk Veilingen B.V. als Nutzer registriert und deren *Allgemeine Nutzerbedingungen* akzeptiert haben.

3.2 Ein Gebot kann abgeben, wer die *Allgemeinen Online-Auktionsbedingungen* und die *Speziellen Online-Auktionsbedingungen* für eine Auktion akzeptiert hat.

Artikel 4. Auktion

4.1 Eine Auktion erfolgt im Namen und für Rechnung des *Verkäufers*. Troostwijk ist nicht Vertragspartei eines mit Zuschlag zustande gekommenen Kaufvertrages, sondern vermittelt nur den Kaufvertrag.

4.2 Termine, wie Beginn und Ende einer Auktion sind in den Speziellen Online-Auktionsbedingungen enthalten.

4.3 Organisation, Vorbereitung und Ausführung der Auktion liegen in Händen von Troostwijk.

4.4 Troostwijk ist befugt:

- den *Zuschlag* allgemein oder - aus wichtigem Grund - bestimmten *Bieter*n nicht zu erteilen;
- *Bieter* von einer Auktion auszuschließen;
- Irrtümer von Troostwijk bei Geboten und/oder *Zuschlägen* mit einem entsprechenden Hinweis an den *Bieter* zu beheben;
- Andere erforderliche Maßnahmen zu treffen

4.5 Das Urteil von Troostwijk hinsichtlich dessen, was während der Auktion stattgefunden hat, ist verbindlich.

4.6 Zwangsversteigerungen werden in den Speziellen Online-Auktionsbedingungen als solche gekennzeichnet.

Artikel 5. Annullierung, technische Störungen

5.1 Troostwijk behält sich das Recht vor, eine Auktion **aus wichtigem Grund** zu annullieren, vorzeitig zu beenden oder zu verlängern. Im Falle einer technischen Störung der *Website*, so dass diese nicht vollständig und/oder nicht für alle *Benutzer* zugänglich ist, ist Troostwijk berechtigt, die Auktion um bis zu 24 Stunden zu verlängern. Troostwijk kann Gebote ohne Angabe von Gründen ablehnen.

5.2 Mit seiner Registrierung erklärt der *Benutzer*, dass ihm die besonderen Umstände einer Internetauktion bekannt sind. Insbesondere ist ihm bekannt, dass es nach dem derzeitigen Stand der Technik zu Störungen und Ausfällen

kommen kann, welche den Zugriff auf die Internetauktion und die *Website* erschweren oder unmöglich machen.

5.3 Troostwijk haftet nur für die ordnungsgemäße Durchführung der Auktion auf der Website von www.TroostwijkAuctions.com, nicht jedoch für technische Störungen. Die Haftung von Troostwijk ist beschränkt und richtet sich nach den Allgemeinen Bestimmungen, wie in Artikel 15 dargestellt.

Artikel 6. Besichtigungstage; Betreten von Gebäuden & Grundstücken

6.1 Etwaige Besichtigungstermine sind in den *Speziellen Online-Auktionsbedingungen* genannt.

6.2 Das Betreten von Gebäuden und Grundstücken erfolgt auf eigene Gefahr. Den Anweisungen von *Troostwijk* oder von *Troostwijk* eingeschalteten Personen ist Folge zu leisten. Der Verkäufer übernimmt für Schäden in Folge des Betretens der Gebäude und Grundstücke grundsätzlich keine Haftung. Im Übrigen gelten die Haftungsbeschränkungen der Allgemeinen Bestimmungen für *Troostwijk* und den Verkäufer, wie in Artikel 15 dargestellt.

Artikel 7. Positionen

7.1 Versteigert werden einzelne *Positionen* oder *Kombinationen*.

7.2 *Kombinationen*, also die Versteigerung von mehreren *Positionen* zusammen, werden im System angezeigt. Bei *Kombinationen* erfolgt die Versteigerung in zwei Schritten:

a) Zuerst werden die einzelnen *Positionen* zur Versteigerung gestellt. Der *Zuschlag* erfolgt unter der aufschiebenden Bedingung, dass die *Position* nicht als Teil einer *Kombination* zugeschlagen wird. Nach *Zuschlag* für die einzelnen *Positionen* kann auf die *Kombination* geboten werden. Sofern auf die *Kombination* keine Gebote abgegeben werden, verbleibt es beim Verkauf der einzelnen *Positionen*.

b) Sofern auf die *Kombination* Gebote abgegeben werden, gilt Folgendes: Für die *Kombination* wird der *Zuschlag* erteilt, wenn das höchste Gebot höher ist als die Summe der Gebote bzw. Mindestpreise auf die einzelnen *Positionen*. Der *Zuschlag* für die einzelnen *Positionen* ist dann mangels Bedingungseintritt nicht erfolgt.

7.3 *Troostwijk* ist berechtigt, verschiedene Gegenstände zu *Positionen* zusammenzufügen, *Positionen* aufzuteilen und/oder aus der Auktion zu nehmen.

7.4 *Troostwijk* ist befugt, für bestimmte *Positionen* von einem *Bieter* vorab die Stellung einer banküblichen Sicherheit zu verlangen.

Artikel 8. Gebote

8.1 Ein *Bieter* kann *Gebote* bei Auktionen abgeben, sobald er sich auf der Website von *Troostwijk* registriert hat und sein Konto durch die Bestätigung des Links in der danach erhaltenen E-Mail aktiviert hat. *Bieter* können Gebote für ein oder mehrere *Positionen* abgeben. Gebote sind nur frei von Bedingungen und Vorbehalten möglich. Gebote sind bindend, ein Widerruf ist nicht möglich. Für jedes abgegebene und von einem Dritten überbotene Gebot erhält der Bieter eine Bestätigung per E-Mail. Diese Benachrichtigung ist nicht der *Zuschlag*.

8.2 Gebote können als Festgebote oder Maximalgebote abgegeben werden.

a) Beim Festgebot (statisch), bietet der Benutzer einen festen Betrag pro *Position*, der im System angezeigt wird. b) Beim Maximalgebot (proxy) gibt der Benutzer an, welchen Preis er höchstens bereit ist, für eine *Position* zu bezahlen. Das Maximalgebot wird nicht im System angezeigt. Wenn ein Dritter den Benutzer überbietet, wird das aktuelle Angebot schrittweise erhöht, bis ein Dritter das Maximalgebot überbietet. Ein Maximalgebot kann vom Benutzer zwischenzeitlich nur dann ausgeschaltet werden, wenn er ein Festgebot abgibt, das in dem Moment das höchste Gebot ist.

8.3 Die Gebote enthalten noch nicht die Umsatzsteuer und das Aufgeld. Die Höhe des Aufgeldes ergibt sich aus den *Speziellen Online-Versteigerungsbedingungen*.

8.4 *Troostwijk* und/oder der Verkäufer sind ohne Angabe von Gründen berechtigt, Gebote nicht zu akzeptieren.

Troostwijk ist befugt, im Namen Dritter Gebote abzugeben.

Artikel 9. Zuschlag & Kaufvertrag

9.1 Ein Kaufvertrag über ein oder mehrere Positionen kommt erst durch den *Zuschlag* zustande. Der *Käufer* wird per E-Mail über den zustande gekommenen Kaufvertrag informiert (Zuschlag). Der *Zuschlag* erfolgt spätestens innerhalb von zwei Werktagen nach Ende der Versteigerung.

9.2 Ein Widerrufsrecht für Verbraucher nach § 312 d BGB besteht nicht, da der Kaufvertrag im Rahmen einer Versteigerung im Sinne von § 156 BGB zustande kommt (§ 312 d Abs. 5 Nr. 5 BGB).

9.3 *Troostwijk* ist berechtigt, keinen *Zuschlag* zu erteilen oder unter aufschiebenden Bedingungen den Zuschlag zu erteilen.

9.4 In der Regel erhält der *Benutzer* den *Zuschlag*, der das höchste Gebot abgegeben hat. Wird 10 Minuten vor dem Ende nicht mehr auf eine Position geboten, erfolgt der *Zuschlag* zur angegebenen Schlusszeit. Bietet ein Nutzer

in den 10 Minuten vor dem offiziellen Ende für die jeweilige Position, so verlängert sich die Endzeit um 5 Minuten. Die Auktion für die jeweilige Position endet erst, nachdem das letzte Höchstgebot 5 Minuten lang nicht mehr überboten wurde.

Artikel 10. Gefahrübergang/Eigentumsübergang

10.1 Mit dem Zuschlag geht die Gefahr des zufälligen Untergangs der ersteigerten Gegenstände sowie die Gefahr des Verlustes oder der Beschädigung durch Feuer, Diebstahl oder Einbruchdiebstahl auf den Ersteigerer über.

10.2 Das Eigentum geht erst mit vollständiger Bezahlung auf den Käufer über.

Artikel 11. Pflichten des Käufers

11.1 Mit Zuschlag ist der Käufer zur Zahlung des Kaufpreises zuzüglich der gesetzlichen Umsatzsteuer und des Aufgeldes und zur Abholung der Position(en) verpflichtet.

11.2 Die Zahlung hat binnen 48 Stunden (2 Werktage) nach Zuschlag auf ein von *Troostwijk* benanntes Konto in der vorgegebenen Währung zu erfolgen.

11.3 Bei Verzug mit der Zahlung werden die gesetzlichen Verzugszinsen berechnet. Die Rechte des Verkäufers richten sich nach den gesetzlichen Bestimmungen. Es handelt sich um ein Fixgeschäft, so dass keine Mahnung erforderlich ist, § 286 II BGB.

11.4 Wenn der Käufer einer Verpflichtung nicht nachkommt, insbesondere: (i) der Kaufpreis nicht rechtzeitig bzw. vollständig bezahlt wird

(ii) die *Positionen* nicht rechtzeitig abgeholt werden, und/oder

(iii) die für die Ablieferung benötigten Informationen nicht verschafft werden,

dann tritt automatisch Verzug ein, ohne dass eine weitere Inverzugsetzung erforderlich wäre. *Troostwijk* ist dann

berechtigt, den Kaufvertrag im Namen des Verkäufers zu annullieren. In dem Fall steht es *Troostwijk* frei, die *Positionen* einem anderen *Bieter* zuzuteilen, ohne dass *Troostwijk* und/oder der Verkäufer (schadens-) ersatzpflichtig wären.

11.5 Im Falle einer Annullierung hat der Käufer den dadurch entstandenen Schaden zu ersetzen.

Artikel 12. Abholung

12.1 Der Käufer ist nur zu den in den *Speziellen Online-Auktionsbedingungen* angegebenen Terminen zur Abholung berechtigt und verpflichtet. *Troostwijk* kann aus technischen Gründen bestimmen, dass eine bestimmte *Position* erst nach Ablieferung anderer *Positionen* abgeholt werden kann.

12.2 Der *Käufer*, dessen *Position(en)* die Abholung anderer Positionen behindert/n, ist verpflichtet, unverzüglich nach einer E-Mail und/oder einem Anschreiben seitens *Troostwijk* an die vom Käufer angegebene Adresse dafür zu sorgen, dass diese Positionen abgeholt werden.

Geschieht das nicht, ist *Troostwijk* berechtigt, die Abholung und eventuelle Aufbewahrung auf Rechnung und Gefahr des Käufers von Dritten vornehmen zu lassen.

12.3 Der *Käufer* ist verpflichtet, seine *Positionen* sorgfältig ab- bzw. auszubauen und abzuholen. Für Schäden, die in dem Zusammenhang am Eigentum anderer angerichtet werden, haftet er. Ferner ist er verpflichtet, *Troostwijk* und den Verkäufer vor allen Ansprüchen Dritter zu schützen, die sich aus dem Ab- bzw. Ausbau und/oder der Abholung ergeben.

12.4 Der *Käufer* ist verpflichtet, bei Ab- bzw. Ausbau und Abholung seiner *Positionen* die Anweisungen von *Troostwijk* und/oder der von *Troostwijk* eingeschalteten Personen zu befolgen.

12.5 Der *Käufer* ist verpflichtet, dafür zu sorgen, dass er oder derjenige, der für ihn für Ab- bzw. Ausbau oder für die Beförderung sorgt, die dafür nötigen Genehmigungen besitzt. *Troostwijk* und/oder der Verkäufer können nicht dafür haftbar gemacht werden, dass die nötigen Genehmigungen fehlen und/oder beim Ab- bzw. Ausbau und/oder bei der Beförderung durch oder für den Käufer behördliche Vorschriften nicht eingehalten werden.

12.6 In Situationen, in denen es notwendig ist, Gebäude (in Teilen) abzurechen, um die zugeteilten *Positionen* entfernen zu können, bedarf es dafür der vorhergehenden Rücksprache und der schriftlichen Zustimmung von *Troostwijk*. Es sind die von *Troostwijk* bei Zuschlagserteilung gestellten Bedingungen einzuhalten.

12.7 *Troostwijk* behält sich das Recht vor, die Abholung von *Positionen* von der Stellung einer Kautions für etwaige Schäden abhängig zu machen. Die betroffenen *Positionen* und die Kautionshöhe werden mitgeteilt. Nach schadensfreier Abholung wird dem Käufer die Kautions zurückerstattet.

12.8 *Troostwijk* behält sich das Recht vor, die Demontage und Ausbringung durch eine Fachfirma für den Käufer verbindlich vorzuschreiben. In diesem Fall wird im Katalog und auf der Webseite darauf hingewiesen. Der Käufer hat die hierfür anfallenden Kosten zu tragen. Im Einzelfall sind diese Kosten bereits im Versteigerungskatalog aufgeführt.

Artikel 13. Haftung/Gewährleistung Troostwijk

Troostwijk haftet lediglich für eine den gesetzlichen Bestimmungen entsprechende Vorbereitung und Durchführung der Versteigerung.

Im Übrigen gilt:

13.1 Ansprüche des *Verkäufers* sowie des *Bieters* oder *Käufers* wegen Pflichtverletzungen sind ausgeschlossen, insbesondere wegen etwaiger Beratung in Bewertungsfragen oder wegen Mängeln der Objekte.

13.2 Die Beschreibungen der Objekte durch *Troostwijk*, z. B. im Verkaufskatalog oder in einer Auflistung, beruhen auf Informationen des Verkäufers. *Troostwijk* haftet nur für die zutreffende Übermittlung, nicht aber für die objektive Richtigkeit dieser Informationen.

13.3 Angaben von *Troostwijk* dienen lediglich der besseren Unterscheidbarkeit und stellen in keinem Falle eine Garantie im Sinne des § 444 BGB oder eine Beschaffenheitsvereinbarung im Sinne des § 434 Abs. 1 Satz 1 BGB der Verkaufsgegenstände dar.

13.4 Die Objekte sind gebraucht. *Troostwijk* verkauft nicht im eigenen Namen und übernimmt daher keine Gewährleistung für Sach- und Rechtsmängel und haftet nicht für Menge, Qualität, Maße, Baujahre und Vollständigkeit.

13.5 Die obigen Einschränkungen gelten nicht, wenn *Troostwijk* vorsätzlich oder grob fahrlässig handelt, eine wesentliche Vertragspflicht verletzt oder für eine Haftung wegen schuldhafter Verletzung des Lebens, des Körpers oder der Gesundheit.

Artikel 14. Haftung/Gewährleistung Verkäufer

Der Verkäufer haftet dem Käufer für Mängel der Objekte nach Maßgabe folgender Bestimmungen:

14.1 Der *Käufer* hatte Gelegenheit zur Vorbesichtigung der Objekte. Der Verkauf erfolgt wie besichtigt und unter

Ausschluss jeglicher Gewährleistung für Sach- und Rechtsmängel. Der Verkauf erfolgte insbesondere ohne Gewähr für sichtbare oder verborgene Mängel oder Garantie im Zusammenhang mit Vollständigkeit, Anzahl, Wirkung, Brauchbarkeit, Verkaufbarkeit, dem Vorhandensein bzw. Nichtvorhandensein von Rechten oder Ansprüchen von Dritten und/oder der Übertragungsmöglichkeit an Dritte.

14.2 Der *Verkäufer* schließt eine Haftung für eine bestimmte Beschaffenheit oder für eine übliche Verwendungsmöglichkeit der Objekte aus.

14.3 Der *Verkäufer* schließt jegliche Haftung für Werbeaussagen des Herstellers aus.

14.4 Die obige Haftungsbeschränkungen gelten nicht, wenn der Verkäufer vorsätzlich oder grob fahrlässig handelt oder für eine Haftung wegen schuldhafter Verletzung des Lebens, des Körpers oder der Gesundheit. Die Haftungsbeschränkung gilt ebenfalls nicht für die zwingende Haftung nach dem Produkthaftungsgesetz.

14.5 Für Verbraucher im Sinne des BGB gelten die gesetzlichen Bestimmungen zum Mängelrecht. Die Verjährungsfrist wird auf 1 Jahr abgekürzt.

Artikel 15. Haftungsbeschränkung Troostwijk/Verkäufer

15.1 Die Haftungsbeschränkung gilt für Troostwijk und den Verkäufer, sowie für deren gesetzlichen Vertreter, leitende Angestellte und die Erfüllungsgehilfen.

15.2 Eine Haftung besteht nur bei Vorsatz oder grober Fahrlässigkeit.

15.3 Eine Haftung für mittelbare Schäden, insbesondere für entgangenen Gewinn, besteht nur bei Vorsatz oder grober Fahrlässigkeit.

15.4 Die Haftung ist der Höhe nach auf die bei Vertragsabschluss typischerweise vorhersehbaren Schäden begrenzt, sofern nicht Vorsatz oder grobe Fahrlässigkeit vorliegt.

15.5 Die vorhergehenden Beschränkungen gelten nicht bei Verletzung einer verkehrswesentlichen Pflicht, im Fall der Übernahme einer ausdrücklichen Garantie sowie für Schäden aus der Verletzung des Körpers, der Gesundheit und zwingender gesetzlicher Regelungen.

Artikel 16. Salvatorische Klausel/Schriftform

16.1 Für den Fall, dass irgendwelche Bestimmungen dieses Vertrages ganz oder teilweise unwirksam, nichtig oder unvollziehbar sein oder werden sollten, beeinträchtigt dies die Wirksamkeit der übrigen Bestimmungen des gesamten Vertrages nicht. Die unwirksame, nichtige oder unvollziehbare Bestimmung wird ersetzt durch eine solche wirksame und vollziehbare Bestimmung, die den wirtschaftlichen Zielsetzungen der Parteien am nächsten kommt, die ursprünglich mit der unwirksamen, nichtigen oder unvollziehbaren Bestimmung beabsichtigt war.

16.2 Änderungen und Abweichungen von diesen *Allgemeinen Online-Auktionsbedingungen* sind nur aufgrund einer schriftlichen Vereinbarung zwischen den Parteien wirksam.

Artikel 17. Anwendbares Recht/Gerichtsstand

17.1 Dieser Vertrag und die sich hieraus ergebenden Verpflichtungen unterliegen deutschem Recht. Die Anwendung des UN-Kaufrechts wird ausdrücklich ausgeschlossen.

17.2 Für alle Streitigkeiten, die sich in Zusammenhang mit den rechtlichen Beziehungen zu Troostwijk ergeben, ist ausschließlich das Amts- oder Landgericht Köln zuständig. Für Streitigkeiten mit dem Verkäufer gelten die Allgemeinen Bestimmungen.

ALLGEMEINE BEDINGUNGEN

für Nachverkäufe, Freihandverkäufe und Ausschreibungsverkäufe

des Unternehmens Troostwijk Auktionen GmbH & Co. KG (Deutschland)

Artikel 1. Allgemein

1.1 Troostwijk verkauft im Namen und für Rechnung des Berechtigten gebrauchte Objekte und erhält hierfür vom Käufer die vereinbarte Provision.

Artikel 2. Kaufabwicklung

2.1 Der Kaufpreis und die Provision sind innerhalb einer Frist von 48 Stunden (Fixgeschäft) zu zahlen, soweit nichts Abweichendes angegeben ist. Die Frist beginnt spätestens mit Eingang der Rechnung, auch in elektronischer Form. Die Zahlung hat ausschließlich auf das benannte Konto zu erfolgen.

2.2 Erfolgen Zahlungen nicht fristgerecht - maßgeblich ist der Eingang, ist Troostwijk berechtigt und bevollmächtigt, vom Verkauf zurückzutreten, um die fristgerechte Entfernung des verkauften Objekts vom jeweiligen Standort sicherzustellen. Einer weiteren Fristsetzung bedarf es für den Rücktritt nicht, dies ist aber zulässig. Troostwijk ist bei Rücktritt berechtigt, für den Verkäufer bzw. für sich Ansprüche auf Schadenersatz wegen Nichterfüllung geltend zu machen.

2.3 Das Eigentum geht erst mit vollständiger Zahlung auf den Käufer über.

2.4 Grundsätzlich sind die Gegenstände vom Käufer vom angegebenen Standort abzuholen.

2.5 Die Gefahr des zufälligen Untergangs und der zufälligen Verschlechterung der Sache geht mit Abschluss des Kaufvertrages auf den Käufer über.

Artikel 3. Gewährleistung

3.1 Troostwijk verkauft nicht im eigenen Namen und übernimmt daher keine Gewährleistung für Sach- und Rechtsmängel und haftet nicht für Menge, Qualität, Maße, Baujahre und Vollständigkeit.

3.2 Die Beschreibungen der Objekte durch Troostwijk, z.B. im Verkaufskatalog oder in einer Auflistung, beruhen auf Informationen des Verkäufers. Troostwijk haftet nur für die zutreffende Übermittlung, nicht aber für die objektive Richtigkeit dieser Informationen

3.3 Angaben von Troostwijk dienen lediglich der besseren Unterscheidbarkeit und stellen in keinem Falle eine Garantie im Sinne des § 444 BGB oder eine Beschaffenheitsvereinbarung im Sinne des § 434 Abs. 1 Satz 1 BGB der Verkaufsgegenstände dar.

3.4 Der Verkauf für den Berechtigten erfolgt unter Ausschluss jeglicher Gewährleistung für Sach- und Rechtsmängel.

3.5 Der Verkauf erfolgt insbesondere ohne Gewähr für sichtbare oder verborgene Mängel oder Garantie im Zusammenhang mit Vollständigkeit, Anzahl, Wirkung, Brauchbarkeit, Verkaufbarkeit, dem Vorhandensein bzw. Nichtvorhandensein von Rechten oder Ansprüchen von Dritten und/oder der Übertragungsmöglichkeit an Dritte.

3.6 Der Verkäufer schließt eine Haftung für eine bestimmte Beschaffenheit oder für eine übliche Verwendungsmöglichkeit der Objekte aus.

3.7 Der Verkäufer schließt jegliche Haftung für Werbeaussagen des Herstellers aus.

3.8 Die obigen Einschränkungen in Ziffer 7 & 8 gelten nicht, wenn Troostwijk oder der Verkäufer vorsätzlich oder grob fahrlässig handelt, eine wesentliche Vertragspflicht verletzt oder Körperschäden eintreten.

3.9 für Verbraucher im Sinne des BGB gelten die gesetzlichen Bestimmungen zum Mängelrecht. Die Verjährungsfrist wird auf 1 Jahr abgekürzt.

Artikel 4. Sonstiges

4.1 Sollten einzelne Bestimmungen des Vertrages einschließlich dieser Allgemeinen Geschäftsbedingungen ganz oder teilweise unwirksam sein oder werden, oder sollte der Vertrag Regelungslücken enthalten, bleibt die Wirksamkeit der übrigen Bestimmungen oder Teile solcher Bestimmungen hiervon unberührt.

4.2 Dieser Vertrag und die gesamten Rechtsbeziehungen der Parteien unterliegen dem Recht der Bundesrepublik Deutschland unter Ausschluss des UN-Kaufrechts (CISG).

4.3 Gerichtsstand für alle Streitigkeiten in Zusammenhang mit dem Verkauf ist Köln.
