Tracking lots	After registering and logging in to the website https://www.troostwijkauctions.com , it is possible to track up to 100 lots per user and auction using the 'My Troostwijk' feature.
Conditional Acceptance	In selected auctions, lots are auctioned conditionally or reserve prices are set. After the auction, the consignor is informed of the highest bid. The consignor then decides whether the lots are sold for the prices offered. Each bidder is informed whether the bid has actually been accepted within 10 working days of the end of the online auction. During that time, the Bidder is bound to the bid. If a lot is auctioned conditionally or if you have not met a reserve price, this is noted underneath the starting bid.

While the information does come from sources which are considered reliable, the sellers and Troostwijk do not give any guarantee, explicitly or implicitly, of the accuracy of the information. Bidders are strongly recommended to take advantage of the opportunity provided to them to inspect the items for sale before placing any bids.

TROOSTWIJK
INDUSTRIAL AUCTIONEERS & VALUERS SINCE 1930

General conditions Online Auction TroostwijkAuctions.com

GENERAL TERMS AND CONDITIONS OF AUCTION

Auktionenhaus Wilhelm Dechow GmbH (hereinafter referred to as 'DECHOW AUCTIONS' or the 'Auctioneer') sells used goods on behalf and on account of the consignor through voluntary public online auctions – unless otherwise expressly specified in the Special Terms and Conditions of Auction for the auction in question – via the website <https://www.troostwijkauctions.com>. The following terms and conditions govern the legal relationships between the consignor and/or DECHOW AUCTIONS on the one hand and the buyer or individuals bidding on the items for sale in the online auctions on the other (hereinafter referred to as the 'Bidder' or 'Buyer').

1. Scope of validity and binding character of the Terms and Conditions

These General Terms and Conditions shall apply to all sales initiated or executed by DECHOW AUCTIONS in auctions via the website <https://www.troostwijkauctions.com>, whereby the Buyer or Bidder is a natural or legal person or a partnership with legal capacity operating in pursuit of their commercial or freelance professional activities (entrepreneur as defined in Section 14 of the German Civil Code (BGB)).

The Buyer or Bidder acknowledges the exclusive binding character of these Terms and Conditions; any differing, opposing or supplementary general terms and conditions of the Bidder are not part of the contractual relationship with the consignor and/or DECHOW AUCTIONS.

The Special Terms and Conditions of Auction included with these General Terms and Conditions of Auction apply solely to the respective online auction. In the event of differing or contradicting terms, the Special Terms and Conditions of Auction take precedence over the General Terms and Conditions of Auction.

2. Performance of the auction, conclusion of the contract

2.1 The dates of the auctions and bidding rounds shall be published on the website <https://www.troostwijkauctions.com> and in other generally accessible publications. Each auction has a fixed duration. DECHOW AUCTIONS reserves the right to shorten or extend this duration. The Buyer is not permitted to place bids in the same auction/bidding round using a different user account or by engaging the help of a third party. Bids are only valid if they are placed in line with the procedure prescribed on the website <https://www.troostwijkauctions.com>. DECHOW AUCTIONS reserves the right to sell all or individual lots of an auction under a condition set at DECHOW AUCTIONS' own discretion and announced before the start of the auction. Furthermore, DECHOW AUCTIONS reserves the right to withdraw offered lots before the start of the auction and decline bids without specifying a reason; this right exists only until confirmation of acceptance of the bid has been issued as per Point 2.6 of these Terms and Conditions. DECHOW AUCTIONS reserves the right to close the auction without issuing confirmation of acceptance of the bid (Section 156, Sentence 2 BGB (2nd alternative)).

2.2 The presentation of the items for sale on the Internet serves only to give potential buyers the opportunity to inform themselves about the offer. Any images and text descriptions, especially information on technical data, dimensions, manufacturers, years of manufacture or quantities, are non-binding and constitute neither a legal business offer nor a determination of the quality of the items for sale; in particular, provision of such information does not constitute acceptance of any quality guarantee. The desired quality of the item for sale is specified much more through its condition during the course of the offered inspection period. As online presentation of the item for sale is non-binding, it is strongly advised to inspect the items for sale first before placing a bid.

2.3 DECHOW AUCTIONS sells individual lots or job lots, whereby multiple individual lots are grouped under one auction number. Job lots are usually offered both as individual lots and as job lots. If a bid or bids are placed for the job lot, the highest job lot bid wins if it is higher than the sum of the bids or – if no individual bid has been placed for one or more lots – higher than the reserve prices determined by DECHOW AUCTIONS at its own discretion for the individual lots. If no bid is placed for the job lot or if the highest job lot bid is lower than the sum of the individual bids or – if no individual bid has been placed for one or more lots – lower than the reserve prices, the highest individual bids win in each case provided the reserve price has been met.

2.4 By placing a bid, the Bidder is submitting a binding and irrevocable offer to purchase the item presented for sale online. Due to the special marketing format, the Bidder agrees that the identity and address of the beneficiary shall only be disclosed to it upon conclusion of the contract.

2.5 The auction is performed as a conventional 'English auction' with ascending prices. It starts with a minimum bid for each item. The current bid must be increased in each case at least in the prescribed increments, which are based on the minimum bid. A bidding agent for placing bids automatically is optionally available to the Bidder. Once activated by the Bidder, the Bidder's bid is automatically increased in increments within the

www.TroostwijkAuctions.com

prescribed framework, until the Bidder once again has the highest bid. The Bidder's bid becomes invalid when a higher bid from another bidder is subsequently received (Section 156 Sentence 2 BGB, 2nd alternative). Bids must be placed within the duration specified in the Special Terms and Conditions of Auction for the respective auction. The auctioneer's system clock is the only determiner of the closing time which ends the auction in question. If a higher bid than the current bid is placed less than five minutes before the closing time of the auction, the closing time is pushed forward so that there are five minutes between the time at which the new highest bid was placed and the time at which the auction ends. This process repeats until no more higher bids are received within a five-minute period.

2.6 After the auction ends, the auctioneer accepts the highest bidder's bid with an email confirmation, which constitutes acceptance of the bid within the meaning of Section 156 Sentence 1 BGB.

2.7 If the highest bid is lower than the reserve price determined by the auctioneer at its own discretion or if the auctioneer has accepted the bid conditionally for other reasons, a purchase agreement shall only be concluded when the auctioneer declares its intention to sell the item for the amount of the highest bid or to drop the condition. Sending an invoice for the item for sale to the highest bidder is considered declaring that the condition has been dropped. If the auctioneer does not declare that the condition has been dropped within ten working days of the end of the auction, then the bid is considered not accepted.

3. Payment of the purchase price and secondary services

3.1 In addition to the purchase price, the Buyer must also pay the surcharge specified at the time the bid is placed as well as the VAT incurred on the surcharge. DECHOW AUCTIONS shall invoice the purchase price for the item for sale on behalf and on account of the consignor, and the surcharge on behalf and on account of itself.

3.1.1 The statutory VAT applicable to the respective item for sale is charged on the purchase price for the object to buyers from the Federal Republic of Germany, provided the sale is not subject to differential taxation in accordance with Section 25a of the German value added tax Act (UStG) or the VAT cannot be specified for the sold item.

3.1.2 Prior to placing a bid, buyers from EU states other than the Federal Republic of Germany must verify to DECHOW AUCTIONS in writing the valid international VAT number issued to them and provide DECHOW AUCTIONS with a copy of the identification card or passport of their legal representative or owner. Upon submission of all documents and after successful acceptance of its bid, the Buyer shall receive an invoice that includes the VAT. If the Buyer brings the purchased item to another EU state outside of the Federal Republic of Germany immediately and sends DECHOW AUCTIONS a fully and correctly completed entry certificate, the Buyer shall be reimbursed by DECHOW AUCTIONS for the VAT paid.

3.1.3 Buyers from non-EU states (third countries) must pay a security on the purchase price for the item for sale to DECHOW AUCTIONS in the amount of the relevant VAT rate applicable in the Federal Republic of Germany. This security shall be reimbursed to the Buyer immediately as soon as it has been verified with certainty that the purchased item has left the EU. To this end, the Buyer must provide DECHOW AUCTIONS with the original of the completed export declaration with a stamp from the EU border customs agency. Upon receiving the form, the security shall be reimbursed to the Buyer immediately.

3.2 The purchase price and surcharge shall be due at the time at which the bid is accepted, and in the case of conditional acceptance, immediately after the condition is dropped. The purchase price shall be paid solely to the escrow account specified on the invoice. Cash payments amounting to EUR 10,000.00 or more are not accepted, not even if divided into multiple partial payments in connection with one transaction, whereby the sum of the partial payments reaches a value of EUR 10,000.00.

3.3 The parties of the purchase agreement agree that the invoices from DECHOW AUCTIONS shall only be sent to the invoice recipient in electronic form, if DECHOW AUCTIONS has been provided with the necessary data. The invoice recipient agrees that they will not receive any paper invoices unless otherwise agreed. The Buyer receiving the invoice is aware that it must ensure the authenticity of the origin, the accuracy of the content and the legibility of the invoice in accordance with Section 14 Para. 1 UStG.

3.4 DECHOW AUCTIONS is entitled to collect and file suit for purchase money in its own name on account of the consignor. In the event of non-payment, DECHOW AUCTIONS is entitled to the rights set out in Point 5.

3.5 Offsetting payment of the purchase price or withholding the purchase price in lieu of counterclaims is excluded, unless the counterclaims are not disputed or have been deemed legally enforceable.

4. Pickup, shipment

4.1 Upon payment in full of the total price, DECHOW AUCTIONS authorises the Buyer to pick up the purchased item. DECHOW AUCTIONS is entitled to decline authorisation to pick up the purchased item, handover of the purchased item and – in the case of vehicle auctions – the handover of the second part of the registration certificate until the Buyer has met all of its obligations to the seller and DECHOW AUCTIONS, even if the obligations arise from other sales and/or other legal relationships.

4.2 The purchased item must be picked up by the Buyer from the pickup location indicated by DECHOW AUCTIONS at the pickup times specified in the Special Terms and Conditions of Auction for the auction in question, but no later than ten days upon receipt of authorisation for pickup. Picking up the purchased item within the specified time frame is a main contractual obligation of the Buyer. The individual picking up the item must verify their identity in writing by presenting a valid identification card or passport as well as proof of their authorisation to represent the Buyer, if applicable.

4.3 The purchased item shall be dismantled and transported away at the cost and risk of the Buyer. During pickup, the instructions given by employees of DECHOW AUCTIONS must be followed. The Buyer shall be liable for any damage to the property of the seller, the auctioneer or third parties which occurs during dismantling or transport and for which the Buyer is at fault.

4.4 Individuals enter the premises where items for sale are located in order to inspect or pick up items at their own risk.

4.5 If the purchased item is shipped to another location designated as the pickup location, this shall be done at the request of and in the sole interest of the Buyer. All activities going beyond the provision of the purchased item for pickup, especially the loading and transport of the item, are the responsibility of the Buyer, regardless of whether they are performed by DECHOW AUCTIONS or a third party. The Buyer must therefore consider any fault arising during the performance of these activities as its own fault (Section 278 BGB).

5. Rights in the event of payment and acceptance delays

5.1 In the event that the purchase price including secondary services as per Point 3.1 is not paid in full on time or the purchased item is not picked up on time as per Point 4.1, DECHOW AUCTIONS is entitled to withdraw from the purchase agreement after a reasonable grace period set for the Buyer and demand compensation for any incurred damages (e.g. loss of revenue). DECHOW AUCTIONS is also entitled to store the purchased item or have the purchased item stored at the cost of the Buyer.

5.2 Furthermore, after a withdrawal from the purchase agreement due to delay in payment or failure to pick up the purchased item on time, the Buyer commits to paying the consignor a fixed amount of compensation in the amount of 10% of the purchase price (without VAT, surcharge and the VAT on the surcharge), unless the Buyer proves that the consignor does not have any damages whatsoever or has damages that are significantly lower than the fixed fee. DECHOW AUCTIONS is entitled to collect and file suit for this fixed compensation amount in its own name on account of the consignor.

5.3 The Buyer must still pay the surcharge incurred for DECHOW AUCTIONS' facilitation service even in the event of withdrawal from the purchase agreement due to delay in payment or failure to pick up the purchased item on time.

6. Transfer of risk

Upon handover of the purchased item to the Buyer or to a third party designated by them, the risk of spontaneous failure or deterioration shall be transferred to the Buyer (Section 446 BGB). If the Buyer has not yet taken ownership of the purchased item by the end of the pickup time specified for the auction in question, the purchased item is considered handed over to the Buyer at the end of the pickup time.

7. Buyer's obligation of inspection and complaint

If the purchase is a commercial transaction for both contractual parties within the meaning of the German Commercial Code, the Buyer must inspect the purchased item immediately upon delivery by the seller or DECHOW AUCTIONS and notify the seller or DECHOW AUCTIONS immediately if a deviation from the promised quality is discovered. If the Buyer fails to lodge a complaint of an identified deviation from the promised quality within a regular period of three working days upon delivery or of a previously undiscovered deviation from the promised quality within a regular period of three working days upon discovery of the defect, the purchased item shall be considered accepted unless the seller or DECHOW AUCTIONS purposefully fails to point out a defect. The seller or DECHOW AUCTIONS must receive notification of defects within the specified period in order for complaints to be accepted.

8. Exclusion of warranty

All items are sold as is with the exclusion of any warranty for material or title defects. The exclusion of warranty set out in Sentence 1 does not apply if the seller has purposefully failed to point out a defect or if a guarantee for the quality of the item for sale has been accepted.

Apart from liability for wilful intent and culpable injury to life, limb or health, compensation for damages shall be limited to the foreseeable damages typical for the contract.

9.2 The limitation period for all claims for compensation against the consignor and/or DECHOW AUCTIONS, with the exception of the claims mentioned in Point 9.1 Sentence 2, shall be one year from the start of the statutory limitation period.

10. Retention of title

The title to the auctioned items shall only be handed over to the Buyer upon payment in full of all moneys owed from the business relationship with the seller and with DECHOW AUCTIONS.

11. Applicable law, jurisdiction

11.1 The parties agree that the entire contractual relationship shall be governed by the law of the Federal Republic of Germany, with the exclusion of the UN convention on the international sale of goods (CISG).
